BlueBox Residential Roadshow 2018: Deconstruction

***If MasterChef can deconstruct an apple crumble,
BlueBox Partners can deconstruct a property.***

The 2018 BlueBox conference's theme of 'deconstruction' brings with it presentations from a variety of experts in their fields. Our line-up of speakers will include:

- **Simon Pitchers** (Radio 2 Jeremy Vine's 'Crackman'), who will speak on 'Movement Deconstruction'
- **Phil Parnham**, on 'Diagnostic Blinkers—The Hazards of jumping Too Early'
- **Fiona Haggett** (former RICS Valuation Director) and **Alan Appleby**, who will work back from a set of valuation outcomes to ask, 'How Did I Get Here?'
- **Carrie De Silva**, who will deconstruct recent case law
- **Larry Russen**, who will look at cladding on multi-storey buildings, the fire risks it may present, and the outcomes of the recent independent review of building regulations and fire safety commissioned by the government.

All of our speakers will adopt a forensic approach to specific case studies, using practical examples to inform and illuminate their conclusions. There will be plenty of time for questions and discussion.

Booking is through Eventbrite at the following links:

Tuesday 20th March 2018 [Milton Keynes](#)

Tuesday 10th April 2018 [Swindon](#)

Tuesday 24th April 2018 [Brighouse](#)

Conditions apply.
